Screenshot 1: (persistent identifier exchange)

The screenshot shows the SURF CONEXT IdP dashboard for Erasmus University Rotterdam. The main navigation bar includes Statistics, Services, Authorization policies, Tickets (with a notification badge '2'), and My institute. Below this is a secondary navigation bar with icons for Back, Overview, Consent, Attributes (selected), License, Used by, and Service usage.

The 'Attributes' page displays the following information:

- ScienceDirect | Elsevier B.V.**
- ScienceDirect** logo
- Service support email:** shibbolethsupport@elsevier.com
- Attributes:** ScienceDirect | Elsevier B.V. wants to receive the following attributes

Attribute	Your value
urn:mace:dir:attribute-def:eduPersonTargetedID	<no value received>
urn:mace:dir:attribute-def:eduPersonEntitlement	urn:mace:dir:entitlement:common-lib-terms
For this attribute the following filters have been applied:	- urn:mace:dir:entitlement:common-lib-terms

Remarks:

- The attributes and their values for your personal account are displayed. This might not be representative for other accounts.
- The column 'motivation' contains, to the extent available, the explanation of the supplier why they need this attribute.
- To minimize the data passed on from institution to the service, SURFconext sometimes filters the values of attributes.
- The user's identity is transmitted as a NameID element with the type 'Persistent' - [generated by SURFconext](#)
